

***FRESH SCENT* AIR FRESHENER**

PRODUCT DESCRIPTION:

Airlift is a water-soluble air freshener formulated to control and eliminate unpleasant odors whenever and wherever they occur. While regularly scheduled cleaning and disinfecting procedures eliminate the soils and bacteria which cause most odors, people, pets, food, and accidents often cause malodors which become airborne and stagnate or permeate environmental surfaces, making the air unpleasant. Airlift is Spartan's solution to a broad range of commonly encountered offensive odors requiring odor control.

FAST AND EFFECTIVE:

Airlift's formulations incorporate raw material ingredients whose primary function is elimination of odors. CWQ, a special quaternary, assists the initial control of offensive odors caused by stale air, mildew, urine, vomit, etc. CWQ enhances the effectiveness of other deodorizing ingredients in Airlift; so, treated areas remain fresh for extended periods of time. Spray a light mist on drapes, carpet, fabrics and upholstered furniture to eliminate odors and refreshen fabrics. Always test in an inconspicuous area for colorfastness.

VERSATILE:

Airlift may be used on or around most surfaces not harmed by water.

Airlift Aerosols:

1. Shake can well before using.
2. Point can up towards center of room.
3. Press button and spray.

NOTE: For heavy build up of odors, such as smoker's rooms in hotels, daily use will help to neutralize malodors and freshen draperies, bedspreads and carpets.

For Fabrics:

Spray a light mist on drapes, carpet, fabrics and upholstered furniture to eliminate odors and refreshen fabrics. Always test in an inconspicuous area for colorfastness.

GUARANTEE:

Spartan's modern manufacturing and laboratory control insure uniform quality. If dissatisfied with performance of product, any unused portion may be returned for credit within one year of date of manufacture.
